

Table Tennis Serving Clinic with Danny Seemiller

On January 28th and 29th, the Pittsburgh Regional Table Tennis Association will present two single-day table tennis clinics with a focus on service.

Serving is one of the most important parts of a well-rounded table tennis game, but it's often neglected. Roughly 70% of points played in table tennis end in three or fewer ball touches, making skilled service an essential part of the game, and one that you can improve throughout your table tennis career.

The clinics will be led by table tennis legend Danny Seemiller, one of the greatest American players ever. Danny was ranked #19 in the world and the only person ever to win five US Men's Singles Championships.

January 28 and 29, 2017
